

CLEVELAND COMMUNITY POLICE COMMISSION
22 MAY 2018

Update: The Executive Director of CCPC, suspended for the month of April, is now back to work, however the investigation continues.

When the meeting took place the new policies had not been released, however, **as of May 31, 2018 the plans for RECRUITMENT, STAFFING, AND COMMUNITY & PROBLEM ORIENTED POLICING (CPOP) have been released. Use this link to access the plans and submit comments/feedback. <https://www.clecpc.org>**

There was considerable discussion of the “Mental Health Docket Program”

- Train officers to distinguish between rules for voluntary and involuntary admission.
- Transport to hospital and emergency custody
- Develop tools to de-escalate
- Identify risks requiring involuntary transport
- Will lead to benefit to community

Health & Wellness: PTSD/trauma reaction of police and the effect on the public

- Reduce stigma of finding help
- Warning signs: anxiety, hyper vigilance, over reaction

Recruitment:

- Year round initiatives
- Community Engagement Day July 30.

PUBLIC COMMENT:

- Since majority of officers no longer live in the city could council offer incentives to move to the city limits?
- Police need more than 8 hours of training to over come bias. Could the implicit bias test be given to officers?
- Where are the council people and the mayor’s office? Why don’t they attend? Why does the police union defend officers posting racial comments?
- Can the public attend training sessions and see what is being taught?
- Are officers drug tested like many others when there has been an incident?
